

**Makes us feel better**

I want you to know how much we LOVE your Dry Dog spray! Our 16yr old dog is able to walk with assistance but immobile when he is down and this means lots of clean up. The dry dog spray works amazingly well for our Gilbert when he has accidents. It gets urine off his skin and leaves it fresh and clean.

Gilbert loves the smell too!

THANK YOU!

**Spiffy**

We are always on the road going somewhere. Lily can't always have a bath but since she is so small everything attaches to her. But with Dry Dog Instant Clean she can still sit on my lap.

Thank you

### DryDog Instant Clean

Spray-on Bath Replacement Shampoo with Aloe and Kiwi

#### Water

**SD Alcohol 40** a high grade purified cosmetic alcohol. Evaporates instantly, so it is used as a vehicle to transport important ingredients to the skin's surface and then leave them there. Exceptionally gentle to the skin.

**Cocamidopropyl Betaine** is a very mild surfactant, derived from coconuts which does not irritate skin or mucous membranes.

**Polysorbate 20** Derived from Coconut oil and used to dissolve essential oils into water, without the use of alcohol.

**Ordenone** Water-based compound that captures and eliminates foul odors.

**Vitamin B5 (Panthenol)** Improves moisture retention capacity of the coat. Also has an anti-inflammatory and anti-itching effect. Makes coat easier to brush and improves the condition and sheen

**Tetrasodium EDTA** works synergistically to improve preservative efficacy allowing the product to be more gentle and long lasting.

**Actinidia Chinensis (Kiwi) Extract** Helps maintain moisture in the coat  
**Melon Extract (Cucumis Melo)** fruit extract- added for fragrance and cleansing properties.

**Aloe Vera Extract** Brings immediate cooling relief to fleabites and helps reduce itching. Aloe contains minerals, proteins and enzymes that help soften the coat and soothe skin

**Peppermint Oli** Acts as an antiseptic. Natural insect repellent and soothes itching skin

**Potassium Sorbate** a polyunsaturated fatty acid salt used to inhibit growth of microbes and mold.

**Sodium Benzoate** an FDA-approved, polyunsaturated fat that used to inhibit microbial growth.

## Dog Day Afternoon Spa Product Profile: Happy Tails Dry Dog Instant Clean

### Two weeks and counting

I work for Pete and Mac's and we've just recently started carrying the Happytails line. I just had to write and rave about how much I love the Dry Dog Instant Clean! It really does get rid of the odors instead of covering them up (like the bottle of deodorizer I bought from Petsmart)...my dog has gone 2 weeks without a bath and that's with being in daycare every day and going to the dog park on top of that.

The Dog Smog Remedy is also a life saver since my dog has developed an affinity for cat food...can't say that he enjoys getting it as much as the rest of us appreciate the results, but oh well.

### I think I'm addicted

As you know, I love the Dry Dog so much, I put it into a Dailycandy round-up of favorite things for puppies. It smells amazing. Period. I don't even think that's a subjective opinion. I think it's fact. I make people smell it all the time. Either in the bottle, or, which is even better, on my dog Rosie P. It's funny, because I don't like kiwis as a general rule--I pick them out of fruit salads. But, in this situation, they rock. I get compliments all the time on how good my dog smells. It's as though they're shocked that dogs could smell this lovely. Also good, my year-old puppy, Rosie P, doesn't seem to mind being sprayed with it at all. She sits patiently and waits 'til she has been spritzed.

I think I'm addicted. I spray her every day when I brush her coat. It's so easy, and it does wonders--basically, you're a few sprays away from having a deliciously odored dog instead of a smelly one. Seems crazy that you wouldn't use it.

### Good to go

We love dry dog because I don't like giving Barney a bath every time we go for a walk. He loves to get muddy paws and roll in everything. But I can spray on some dry dog when we get home and he is good to go.

He smells like a yummy citrus tree!

Makes us feel better

I just wanted to let you know how much we love your product...Dry Dog Instant Clean. My dog, Haley, is a Mobility Assist Dog. She goes everywhere that I go, so she is always walking on dirty surfaces in public buildings. I would not let my children walk barefoot in public, and I do not like my Haley having to do so either. I use Dry Dog Instant Clean on her toe pads before and after a trip to the store. It makes both Haley and me feel better.

Thank you!

## Product Profile & User References

Today's dog about town has no time to stop and bathe, that's why there's Dry Dog Instant Clean! Spray it on and "lick"ity split, your powerhouse pooch has gone from eau d'road kill to fresh and fruity kiwi melon. This powerful all natural formula cleanses without water, rinsing or mess and unlike many other bath replacement sprays, doesn't just mask bad smells with heavy perfume it eradicates completely, An all natural ingredient called Ordenone traps and eliminates the odor causing proteins leaving your high speed hound refreshed renewed and ready for his next appointment.

### All this in one bottle? Amazing!

**Reduce odors** Dry Dog contains ingredients that actually get rid of unpleasant odors. Dry Dog doesn't just mask the smell, it eradicates it completely.

**Clean muddy paws** Spray Dry Dog onto dirty paws and wipe off the dirt and mud with a dry cloth.

**Keep carpets clean** Our dogs love stepping out, but when they step back in they often bring the outside in with them. We use Dry Dog Instant Clean to prevent dirt and mud being tracked into our white carpets. (why we would own white carpets with a dog is another matter)

**Last's from 4 to 6 hours** depending on the activity level of your dog

Also excellent for **removing smells from pet beds** and frequently used furniture

Contains no SLS or Parabens...and of course, is cruelty free
